

ESSENTIAL DRUGS COMPANY LIMITED
395-397, TEJGAON I/A, DHAKA-1208.

CAREER OPPORTUNITY

To enhance the national capacity for vaccine and biotherapeutics production, Essential Drugs Company Limited (EDCL) is implementing the "Essential Biotech and Research Center" project. This initiative aims to significantly strengthen the country's capabilities in qualified vaccine manufacturing and advanced research in vaccine and biotherapeutics. In this context, the project requires the appointment of a highly qualified and experienced **Senior Scientific Coordinator** to support the Project Development Team with the following qualifications and competencies:

Sl. No	Post	Qualification	Experience & Other Qualification
01.	Senior Scientific Coordinator Post-01	At least a Master's degree in Life Sciences; candidates holding a PhD from globally renowned institutions will be given preference. Advanced computer literacy of the candidate will be an added advantage.	01 Minimum 20 years in the field of life sciences. 02 Strong expertise in modern biomanufacturing is essential. Industrial experience will be considered an added advantage. 03 Must have experience working in international environments. Proven track record of collaboration across industry and academia. 04 Demonstrated experience of innovation in both public and private sector projects. 05 Evidence of voluntary contributions and community service will be valued. *Experience may be relaxed on the basis of academic/professional qualification.

Candidates are requested to send the applications to the following address along-with complete CV, copies of attested relevant certificates, photocopy of national ID Card/passport and 03 copies of recent passport size coloured photograph or Email at edclhrd@gmail.com on or before 03 August, 2025. This is to say that all documents must be submitted properly otherwise the application will be rejected.

Only short listed candidates will be invited for selection process.
