Core Banking Systems (CBS) Support & Implementation Specialist (SO – FAVP)

Application Deadline : **06 May 2026**

Summary

Vacancy: --

Location: **Anywhere in Bangladesh**

Experience: **At least 5 years**

Published: **22 Apr 2026**

Requirements

Education

- Bachelor of Science (BSc) in Computer Science & Engineering, Computer Science

Experience

- At least 5 years
- The applicants should have experience in the following business area(s): Banks

Additional Requirements

- Minimum 5+ years of experience in CBS support and/or implementation in a bank or financial institution
- Strong knowledge of core banking operations, including deposits, loans, payments, general ledger, foreign trade, AML, OBU, and national systems (BACPS, BEFTN, RTGS, NPSB), as well as regulatory/reporting areas (CL, CIB, RIT, RBS) Hands-on experience with CBS platforms (e.g., Temenos T24, Finacle, Oracle FLEXCUBE, Flora Bank, or similar) Strong understanding of databases (SQL/Oracle), APIs, system integration, and related programming/scripting languages (SQL, PL/SQL, Java, .NET, .NET Core, Python, etc.).
- Strong analytical, troubleshooting, and communication skills with ability to manage multiple tasks under pressure
- Strong analytical and problem-solving skills
- Ability to work independently and in a team environment
- Good communication and documentation skills

Responsibilities & Context

- Support end-to-end CBS implementation, including configuration of modules such as deposits, loans, payments, foreign trade, OBU, CRM, Swift, and national payment systems (BACPS, BEFTN, RTGS, NPSB).
- Coordinate with vendors and stakeholders; assist in data migration, system testing, and go-live activities.
- Provide day-to-day technical and functional support to users; monitor system performance, troubleshoot issues, and ensure high system uptime and reliability.
- Manage incidents, including root cause analysis and timely resolution.
- Support integration of CBS with external systems such as payment systems, Swift, POS, ATMs, mobile financial services, payment gateways, and remittance platforms.
- Assist in system upgrades, patches, and enhancements while ensuring minimal disruption and system compatibility.
- Provide user training and guidance; prepare and maintain documentation, SOPs, and user manuals.
- Respond to user queries and ensure timely resolution within defined service levels.
- Ensure compliance with Bangladesh Bank regulations and security standards.
- Maintain data integrity, confidentiality, and audit readiness; support internal and external audit processes.
